Voice Solutions

Internal Grade Cabling

External Grade Cabling

Excel Copper Solutions

Excel's copper systems combine award-winning technology, category-rated performance and independent third-party verification with flexible options, high-density solutions and a comprehensive choice of products.

60 Second Insights - Excel Copper Solutions

Excel Enbeam Fibre Solutions

The Excel Enbeam range of fibre optic systems delivers high performance, reliability and scalability for large multi-purpose venues, supporting high-density Data Centre applications or enhancing the cabling infrastructure for a small business.

60 Second Insights - Excel Enbeam Fibre Solutions

Excel Environ Racks Solutions

The Environ range of free-standing racks and open frames along with the comprehensive portfolio of wall racks from Excel offer exceptional quality that makes them ideal for a wide range of applications.

60 Second Insights - Excel Environ Racks Solutions

Excel Power Solutions

Excel provides a wide range of Power Distribution Units from standard PDUs in a variety of configurations, to modular designs that provide greater flexibility and a choice of intelligent PDUs that allow you to monitor, manage and measure your power consumption.

Our products are designed and manufactured in accordance with the required standards and we use robust outer casings and quality components to ensure that you have a reliable, CE and RoHs compliant product. Excel PDUs come with a 3-year warranty as standard when installed by an accredited Excel partner.
